**Maxx Ice Self-Contained Indoor Ice Machine,
15"W, 50 lbs, Full Dice Ice Cubes, Energy Star
Listed, in Black (MIM50V)**

Never run out of ice again with the Maxx Ice MIM50V Self-Contained Indoor Ice Machine. This premium and elegant compact ice maker produces up to 50 pounds of full dice ice cubes daily. Restaurant quality ice is clear, tasteless, odorless and free of impurities, making it ideal for restaurants, bars, hotels, offices, stadiums and more. The removable ice bin stores 25 pounds of ice and can be easily removed to place on the counter or moved to where ice is needed. The ice maker features a black door with black cabinet, and is reversible so you can open it from the left or right. This indoor ice machine features a self-cleaning mode and includes an ice scoop. The ice maker's front breathing design allows for freestanding or built-in applications. It includes durable, adjustable feet. A perfect addition to any commercial establishment, the Maxx Ice Self-Contained Indoor Ice Machine will keep you stocked up on ice at any time.

- Produces up to 50 pounds of full dice ice cubes daily
- Restaurant quality ice is clear, tasteless, odorless and free of impurities
- Removable ice bin stores 25 pounds of ice and can be easily removed to place on the counter or moved to where ice is needed
- Black door with black cabinet
- Solid black door is reversible so you can open from the left or right
- Automatic overflow prevention stops ice production when ice bin is full
- Uses a standard household electrical plug for easy installation
- Air-cooled compressor
- Includes ice scoop and internal scoop holder
- Front breathing design allows for freestanding or built-in applications

**Maxx Ice Self-Contained Indoor Ice Machine,
15"W, 60 lbs, Full Dice Ice Cubes, Energy Star
Listed, in Black with Stainless Steel Door (MIM50)**

Never run out of ice again with the Maxx Ice MIM50 Self-Contained Indoor Ice Machine. This premium and elegant compact ice maker produces up to 60 pounds of clear ice cubes daily. Restaurant quality ice is clear, tasteless, odorless and free of impurities, making it ideal for restaurants, bars, hotels, offices, stadiums and more. The removable ice bin stores 25 pounds of ice and can be easily removed to place on the counter or moved to where ice is needed. The ice maker features a stainless steel door with black cabinet, and the door handle is reversible so you can open it from the left or right. This indoor ice machine features a self-cleaning mode and includes an ice scoop and scoop holder. The ice maker's front breathing design allows for freestanding or built-in applications. It includes leveling legs to make sure it remains level, a must for any ice maker. A perfect addition to any commercial establishment, the Maxx Ice Self-Contained Indoor Ice Machine will keep you stocked up on ice at any time.

- Produces up to 60 pounds of clear ice cubes per day
- Restaurant quality ice is clear, tasteless, odorless and free of impurities
- Removable ice bin stores 25 pounds of ice and can be easily removed to place on the counter or moved to where ice is needed
- Stainless steel door with black cabinet
- Stainless steel door with full length handle is reversible so you can open from the left or right
- Automatic overflow prevention stops ice production when ice bin is full
- Uses a standard household electrical plug for easy installation
- Easy to use solid state controls are simple and intuitive—set it and forget it
- Includes ice scoop and internal scoop holder
- Front breathing design allows for freestanding or built-in applications

MAXX ICE

SELF-CONTAINED INDOOR ICE MACHINES

MODEL: MIM50 MIM50V

MIM50

MIM50V

The Maxx Ice MIM50 series of indoor ice machines produce up to 60 pounds of ice per day (under ideal conditions). These stylish, durable and easy to install models are perfect for any freestanding or built-in application.

FEATURES AND CONSTRUCTION

- Stainless steel / black painted steel (MIM50) or black painted steel (MIM50V) exterior
- Air-cooled compressor
- Solid state controls
- Built-in self cleaning mode
- Automatic overflow prevention
- 25 lb storage bin
- Field reversible door
- Adjustable durable feet
- Includes ice scoop & tubing for supply and drain lines

DAILY ICE PRODUCTION

Air Temp 70°F (21°C) / Water Temp 50°F (10°C)	
MIM50	60 lbs (27.2 kg)
MIM50V	50 lbs (22.7 kg)

Air Temp 90°F (32°C) / Water Temp 70°F (21°C)	
MIM50	50 lbs (22.7 kg)
MIM50V	50 lbs (22.7 kg)

ELECTRIC

115V / 60Hz / 1Ph
 (230V / 50-60Hz / 1Ph is available as an option)
 6' (2m) NEMA 5-15P cord set included

ICE BIN STORAGE CAPACITY

MIM50	25 lbs (11 kg)
MIM50V	25 lbs (11 kg)

3RD PARTY APPROVALS

Certified to ANSI NSF 12 Compliant

Certified to ANSI UL 563

DOE 2018

Meets Energy Star Guidelines

Zero Ozone Depletion Potential

OPERATING REQUIREMENTS

Ambient Air Temperature Range.....	50° to 100°F (10° to 38°C)
Water Temperature Range	41° to 90°F (5° to 32°C)
Water Usage per 100 lbs of ice.....	13.8 Gallons (52.2L)
Water Supply Line Connection	1/4" O.D. Compression
Water Pressure Range:	

Min PSI.....	15	Max PSI	75*
Min Bar	1.0	Max Bar	5.5

*Above 75 PSI requires a regulator

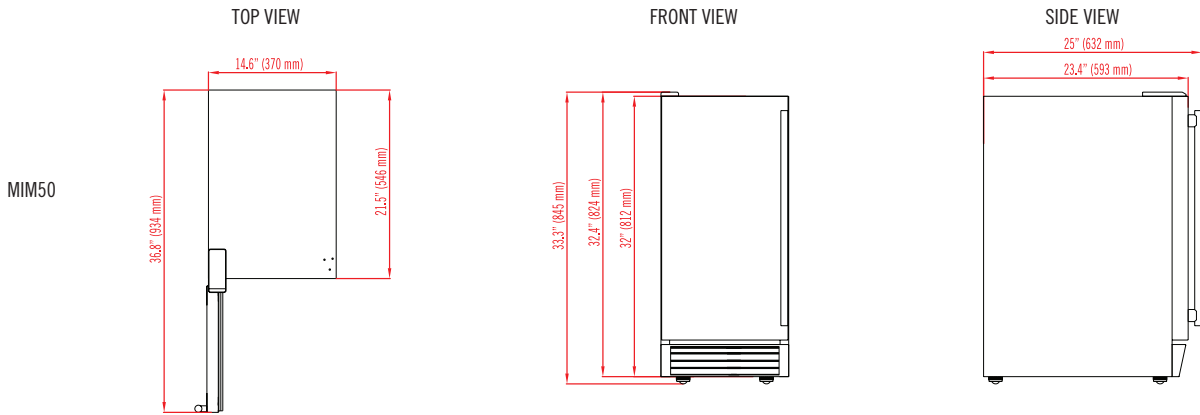

Energy Consumption per 100 lbs of ice:

MIM50	10.1 kWh/100 lbs
MIM50V	10.1 kWh/100 lbs

MAXX ICE

SELF-CONTAINED INDOOR ICE MACHINES

MODEL	EXTERNAL DIMENSIONS	DAILY ICE PRODUCTION (70°F Air / 50°F Water)	ICE BIN STORAGE CAPACITY	NET WEIGHT / SHIPPING WEIGHT	AMP DRAW (MAKING / HARVESTING)	REFRIGERANT AND CHARGE SIZE	ELECTRICAL

**Maxx Ice Self-Contained Outdoor Ice Machine,
15"W, 60 lbs, Full Dice Ice Cubes, Energy Star
Listed, in Stainless Steel (MIM50-O)**

Never run out of ice again with the Maxx Ice MIM50-O Self-Contained Outdoor Ice Machine. This premium and elegant outdoor ice maker produces up to 60 pounds of clear restaurant-quality ice cubes daily. Durable stainless steel construction allows the unit to withstand harsh outdoor environments and deliver optimal performance. High-quality durable components enable it to be one of the only outdoor ice machines with commercial UL and NSF approvals, so it can be used outdoors at restaurants, bars, hotels, stadiums and more. The large 25-pound capacity storage bin is removable to place on the counter, fill a cooler or move to where the ice is needed. Since the unit is front breathing, it can be built-in under counters, while its finished stainless steel sides also allow it to be used as a freestanding ice maker for even more installation flexibility. The unit includes leveling legs to ensure proper installation on outdoor surfaces. A perfect addition to any commercial establishment, the Maxx Ice Self-Contained

Outdoor Ice Machine will keep you stocked up on ice in any outdoor setting.

- Produces up to 60 pounds of clear ice cubes per day
- Restaurant quality ice is clear, tasteless, odorless and free of impurities
- Removable ice bin stores 25 pounds of ice and can be easily removed to place on the counter or moved to where ice is needed
- All stainless steel exterior withstands the harsh environment of outdoor use
- Stainless steel door with full length handle is reversible so you can open from the left or right
- Automatic overflow prevention stops ice production when ice bin is full
- Uses a standard household electrical plug for easy installation
- Air-cooled compressor
- Includes ice scoop and internal scoop holder
- Front breathing design allows for freestanding or built-in applications

MAXX ICE

SELF-CONTAINED OUTDOOR ICE MACHINE

MODEL: MIM50-0

The Maxx Ice MIM50-0 outdoor ice machine produces up to 60 pounds of ice per day (under ideal conditions). These stylish, easy to install models are built with durable all-stainless steel construction that make them perfect for any outdoor freestanding or built-in application.

FEATURES AND CONSTRUCTION

- All stainless steel exterior
- Air-cooled compressor
- Solid state controls
- Built-in self cleaning mode
- Automatic overflow prevention
- 25 lb storage bin
- Field reversible door
- Adjustable durable feet
- Includes ice scoop & tubing for supply and drain lines

**Maxx Ice Self-Contained Ice Machine, 75 lbs,
Bullet Ice Cubes, with 25 lb Built-in Ice Storage
Bin, in Stainless Steel with Black Trim in
Stainless Steel (MIM75)**

For years of reliable ice production, choose the Maxx Ice MIM75 Self-Contained Ice Machine. This air-cooled undercounter ice maker produces up to 75 pounds of bullet ice cubes daily. The self-contained storage bin holds up to 25 pounds of ice and has a polyethylene interior liner. Constructed of durable stainless steel with a black door and black plastic trim, this indoor ice machine will complement any space. Its compact size is ideal for tight spaces, and it can be installed freestanding or built-in. It includes an ice scoop for convenient scooping in busy restaurants, bars, cafes and more. The easy-to-use controls and front-breathing design make this a wise choice. A water filter is recommended to ensure you are serving the cleanest and freshest ice possible for optimum performance. Meet the ice demands of your business with the Maxx Ice Self-Contained Ice Machine.

- Produces up to 75 pounds of bullet ice cubes daily
- Self-contained storage bin with 25 pounds of ice storage capacity and a polyethylene interior liner
- Easy-to-clean exterior is constructed of durable stainless steel with black trim
- Includes an ice scoop
- Compact, self-contained unit can be installed freestanding or built-in
- Air-cooled compressor
- Easy-to-use programmable, solid state, digital electronic control system
- Built-in self cleaning mode
- Front breathing air-cooled design is energy efficient
- A gravity drain line is required to install this ice machine

MIM75 SELF-CONTAINED ICE MACHINE

MODEL: MIM75

The MIM75 self-contained, air-cooled ice machine is perfect for any free-standing or built-in application. Each unit features a self-contained storage bin and a durable, easy to clean stainless steel and black plastic trim exterior. The easy-to-use controls, front-breathing design with vertical evaporator and proven ice making technology will deliver years of reliable ice production.

FEATURES AND CONSTRUCTION

- Stainless steel exterior with black plastic trim
- Air cooled compressor
- Programmable, solid state, digital electronic control system.
- Built-in self cleaning mode
- Includes scoop
- Polyethylene storage bin liner for improved sanitation

- Self-contained storage bin with 25 pounds of ice storage capacity and a polyethylene interior liner
- Easy-to-clean exterior is constructed of durable stainless steel with black trim
- Includes an ice scoop
- Compact, self-contained unit can be installed freestanding or built-in
- Air-cooled compressor
- Easy-to-use programmable, solid state, digital electronic control system
- Built-in self cleaning mode
- Front breathing air-cooled design is energy efficient
- A gravity drain line is required to install this ice machine

MIM85H SELF-CONTAINED ICE MACHINE

MODEL: MIM85H

The MIM85H self-contained, air-cooled ice machine is perfect for any free-standing or built-in application. Each unit features a self-contained storage bin and a durable, easy to clean stainless steel and black plastic trim exterior. The easy-to-use controls, front-breathing design with vertical evaporator and proven ice making technology will deliver years of reliable ice production.

FEATURES AND CONSTRUCTION

- Stainless steel exterior with black plastic trim
- Air cooled compressor
- Programmable, solid state, digital electronic control system.
- Built-in self cleaning mode
- Includes scoop
- Polyethylene storage bin liner for improved sanitation

DAILY ICE PRODUCTION

Air Temp 70°F (21°C) / Water Temp 50°F (10°C)
 MIM85H..... 88 lbs (40 kg)

Air Temp 90°F (32°C) / Water Temp 70°F (21°C)
 MIM85H..... 56 lbs (31 kg)

ICE BIN STORAGE CAPACITY

MIM85H..... 25 lbs (11 kg)

ELECTRIC

115V / 60Hz / 1Ph
 (230V / 50-60Hz / 1Ph is available as an option)
 6' (2m) NEMA 5-15P cord set included

NEMA 5-15P

3RD PARTY APPROVALS

- For optimal performance, the use of a water filter is recommended

Maxx Ice Self-Contained Ice Machine, 110 lbs with 35 lb Built-in Ice Storage Bin, in Stainless Steel with Black Trim (MIM100)

For years of reliable ice production, choose the Maxx Ice MIM100 Self-Contained Ice Machine. This air-cooled undercounter ice maker produces up to 110 pounds of square ice cubes daily. The self-contained storage bin holds up to 35 pounds of ice and has a polyethylene interior liner. Constructed of durable stainless steel with a black door and black plastic trim, this indoor ice machine will complement any space. Its compact size is ideal for tight spaces, and it can be installed freestanding or built-in. It includes an ice scoop for convenient scooping in busy restaurants, bars, cafes and more. The easy-to-use controls and front-breathing design make this a wise choice. A water filter is recommended to ensure you are serving the cleanest and freshest ice possible for optimum performance. Meet the ice demands of your business with the Maxx Ice Self-Contained Ice Machine.

Maxx Ice Compact Marine Ice Machine/Boat and RV Ice Maker, 25 lbs, in Stainless Steel (MMAR25S)

Enjoy your favorite ice-cold beverage on your next adventure with the Maxx Ice MMAR25S Compact Marine Ice Machine/Boat and RV Ice Maker. This ice machine for marine use is perfect for boats, yachts and docks, and can also be used in RVs and campers. Whether sailing, camping or driving cross country, you can always have fresh ice cubes on hand with this portable ice maker. This ice machine produces up to 25 pounds of long, crescent-shaped ice cubes daily. The refrigerated storage compartment inhibits ice melt, and the storage bin can hold up to 12 pounds of ice. Ideal for tight spaces, this compact ice maker is suitable for freestanding or built-in installation and includes a removable flange. The stainless steel exterior is easy to clean, corrosion-resistant and designed to match the marine interior. It automatically shuts off when the storage bin is full. The travel latch keeps the door closed during sea travel. The door prop lets you air-dry the inside of the unit when powered off. Set sail or hit the road knowing you will always have refreshing ice cubes with the Maxx Ice Compact Marine Ice Machine/Boat and RV Ice Maker.

- Produces up to 25 pounds of long, crescent-shaped ice cubes daily
- Built for marine applications including boats, yachts and docks
- Suitable for freestanding or built-in installation
- Compact unit can easily be installed in tight, small areas
- Stores up to 12 pounds of ice
- Stainless steel exterior is easy to clean, corrosion-resistant and designed to match marine interior
- Air-cooled compressor
- Automatic shut-off when storage bin is full
- Refrigerated storage compartment inhibits ice melt
- Travel latch to keep door closed during sea travel

COMPACT MARINE ICE MACHINES

MODEL: MMAR25S MMAR25W MMAR25B

Compact Marine Ice Machines produce up to 25 pounds of ice daily. Marine units produce individual, long crescent shaped ice cubes and are available in stainless steel, white or black finishes. Built for marine applications, the MMAR25 is suitable for free-standing or built-in installation. Ice machines is supplied with a removable flange. No drain connection is necessary allowing for easy installation .

FEATURES AND CONSTRUCTION

- Available in 3 exterior finishes to match marine interior:
 - Stainless steel exterior (MMAR25S)
 - White painted steel exterior (MMAR25W)
 - Black painted steel exterior (MMAR25B)
- Air-cooled compressor
- Automatic overflow prevention
- Travel latch to keep door closed during sea travel
- Door prop for air-drying inside of unit when powered off
- Includes removable flange for built-in installation
- 12 lbs ice storage bin

DAILY ICE PRODUCTION

Air Temp 70°F (21°C) / Water Temp 50°F (10°C)	
MMAR25S/W/B	25.1 lbs (11.4 kg)
Air Temp 90°F (32°C) / Water Temp 70°F (21°C)	
MMAR25S/W/B	12.9 lbs (5.9 kg)

ICE BIN STORAGE CAPACITY

MMAR25S/W/B	12 lbs (5.4 kg)
-------------------	-----------------

OPERATING REQUIREMENTS

Ambient Air Temperature Range.....	50° to 100°F (10° to 38°C)
Water Temperature Range	41° to 90°F (5° to 32°C)
Water Usage per 25 lbs of ice.....	<3 Gallons (11.4L)
Water Supply Line Connection	1/4" OD Tube
Water Pressure Range:	
Min PSI.....	20
Max PSI	120
Min Bar	1.0
Max Bar	5.5
Energy Consumption per 100 lbs of ice:	
MMAR25S/W/B	<25 kWh/100 lbs

ELECTRIC

120V / 60Hz / 1Ph
International voltage available
6' (2m) NEMA 5-15P cord set included

NEMA 5-15P

3RD PARTY APPROVALS

Certified to ANSI NSF 12

Certified to ANSI UL 563

INSTALLATION

- A clearance of 2" from the wall is recommended to promote adequate cooling air circulation
- Minimum cutout size for undercounter installation: 15" x 24.75"
- For optimal performance, the use of a water filter is recommended

Maxx Ice Intelligent Series Self-Contained Ice Machine, 152 lbs, Full Dice Ice Cubes, with 75 lbs Built-in Ice Storage Bin, in Stainless Steel with Black Trim (MIM150N)

Be sure you always have plenty of ice available with the Maxx Ice Intelligent Series Self-Contained Ice Machine. Intelligent Series Ice Machines are designed to consume up to 40% less water than similar competitor units and produce ice up to 20% faster. Maxx Ice Intelligent Series self-contained, air-cooled ice machines are perfect for freestanding or built-in applications for foodservice, hospitality and entertainment industries. The durable stainless steel and black trim exterior is easy to clean and service. This commercial ice machine will produce up to 152 lbs (69 kg) of full dice ice cubes daily and has a storage capacity of up to 75 lbs (34 kg), providing the right amount of ice for restaurants, cafeterias, bars, bakeries and cafes. The polyethylene storage bin liner includes an antimicrobial agent for improved sanitation. The interior LED light illuminates the ice when the bin door is open. The digital controls and

front-breathing design with vertical evaporator will deliver years of reliable ice production. Supplied with four 6" black leveling legs and 5-15P NEMA plug for easy installation. The ice maker meets UL and NSF guidelines and is available in 120V and international voltage upon request. Covered by the Maxx Ice One-Year Limited Warranty.

- Compact, self-contained unit can be installed freestanding or built-in
- Ideal for foodservice, entertainment, healthcare, grocery, institutions, education and convenience store applications
- Ice machine will produce up to 152 lbs (69 kg) of full dice ice cubes daily and has a storage capacity of up to 75 lbs (34 kg), providing the right amount of ice for restaurants, cafeterias, bars, bakeries and cafes
- Designed to consume up to 40% less water than similar competitor units
- User friendly, exterior diagnostic digital controller display is intuitive
- The intelligent digital screen displays ice machine status and temperature
- Antimicrobial agent within polyethylene storage bin liner, improves sanitation
- Interior LED light within the ice bin illuminates ice
- Automatic cleaning cycle and bin overflow prevention
- Front-breathing, air-cooled design is energy efficient

Maxx Ice Intelligent Series Self-Contained Ice Machine, 152 lbs, Half Dice Ice Cubes, with 75 lbs Built-in Ice Storage Bin, in Stainless Steel with Black Trim (MIM150NH)

Be sure you always have plenty of ice available with the Maxx Ice Intelligent Series Self-Contained Ice Machine. Intelligent Series Ice Machines are designed to consume up to 40% less water than similar competitor units and produce ice up to 20% faster. Maxx Ice Intelligent Series self-contained, air-cooled ice machines are perfect for freestanding or built-in applications for foodservice, hospitality and entertainment industries. The durable stainless steel and black trim exterior is easy to clean and service. This commercial ice machine will produce up to 152 lbs (69 kg) of half dice ice cubes daily and has a storage capacity of up to 75 lbs (34 kg), providing the right amount of ice for restaurants, cafeterias, bars, bakeries and cafes. The polyethylene storage bin liner includes an antimicrobial agent for improved sanitation. The interior LED light illuminates the ice when the bin door is open. The digital controls and

front-breathing design with vertical evaporator will deliver years of reliable ice production. Supplied with four 6" black leveling legs and 5-15P NEMA plug for easy installation. The ice maker meets UL and NSF guidelines and is available in 120V and international voltage upon request. Covered by the Maxx Ice One-Year Limited Warranty.

INTELLIGENT SERIES SELF-CONTAINED ICE MACHINES

MODEL: MIM150N MIM150NH

Maxx Ice Intelligent Series self-contained, air-cooled ice machines are perfect for any free-standing or built-in application. Available in both full or half dice cubes, each unit features a sanitary self-contained storage bin. The durable stainless steel and black trim exterior is easy to clean and service. The digital controls and front-breathing design with vertical evaporator will deliver years of reliable ice production.

FEATURES AND CONSTRUCTION

- Stainless steel, black trim exterior
- Air-cooled compressor
- Programmable, user-friendly digital controls
- Digital screen displays ice machine status
- Automatic cleaning cycle and bin overflow prevention
- Internal blue LED light
- 6" adjustable leveling legs
- Includes ice scoop with internal scoop holder
- Energy Star approved
- Antimicrobial agent within polyethylene storage bin liner for improved sanitation

Maxx Ice Intelligent Series Self-Contained Ice Machine, 328 lbs, Full Dice Ice Cubes, with 100 lbs Built-in Ice Storage Bin, in Stainless Steel with Black Trim (MIM320N)

Be sure you always have plenty of ice available with the Maxx Ice Intelligent Series Self-Contained Ice Machine. Intelligent Series Ice Machines are designed to consume up to 40% less water than similar competitor units and produce ice up to 20% faster. Maxx Ice Intelligent Series self-contained, air-cooled ice machines are perfect for freestanding or built-in applications for foodservice, hospitality and entertainment industries. The durable stainless steel and black trim exterior is easy to clean and service. This commercial ice machine will produce up to 328 lbs (148 kg) of full dice ice cubes daily and has a storage capacity of up to 100 lbs (45 kg), providing the right amount of ice for restaurants, cafeterias, bars, bakeries and cafes. The polyethylene storage bin liner includes an antimicrobial agent for improved sanitation. The interior LED light illuminates the ice when the bin door is open. The digital controls and

front-breathing design with vertical evaporator will deliver years of reliable ice production. Supplied with four 6" black leveling legs and 5-15P NEMA plug for easy installation. The ice maker meets UL and NSF guidelines and is available in 120V and international voltage upon request. Covered by the Maxx Ice One-Year Limited Warranty.
