## **Maxx Ice Compact Indoor Refrigerator, 15" W, 3 cu. ft. Capacity, in Stainless Steel (MCR3UHC)**

Designed for commercial indoor use, the Maxx Ice Compact Indoor Refrigerator elevates your entertainment space by providing quick and convenient access to your favorite food and beverages. This stainless steel refrigerator can be built-in or freestanding, and the reversible door with a full-length handle can be set up for right- or left-hand opening. The refrigerator offers 3 cubic feet of storage with 4 metallic wire shelves to organize food and beverages. The shelves extend to give you easy access to soft drinks, beer, bottled water, condiments, snacks, meat and more! Plus, the bottom shelf is designed to hold wine bottles. An electronic control panel with LCD digital display lets you monitor the unit's temperature, which is maintained at 35°F to 40°F (1°C to 5°C). Energy-efficient LED lighting automatically turns on when the door opens to illuminate the contents so you can easily see what's inside. Polyurethane foam insulation provides outstanding thermal regulation and energy efficiency. Adjustable leveling legs ensure your refrigerator is level on any floor. This refrigerator is equipped with

an integrated condensate evaporator; therefore, no drain line connection is needed. With its durable black painted steel exterior and easy-to-clean ABS interior, the Maxx Ice Compact Indoor Refrigerator is a smart choice for any establishment. \*Item not approved for sale in California

- Compact 3 cubic foot internal storage capacity
- Electronic control panel with LCD digital display
- Digital control system maintains optimum temperature of 35°F to 40°F (1°C to 5°C)
- Energy efficient LED lighting automatically turns on when door opens to illuminate contents
- Black painted steel exterior for indoor use
- Door has full length stainless steel handle
- Approved for residential and commercial applications
- Equipped with integrated condensate evaporator therefore no drain line connection is needed
- Polyurethane foam insulation provides outstanding thermal regulation and energy efficiency
- Adjustable leveling legs ensure your refrigerator is level on any floor

## **Maxx Ice Compact Outdoor Refrigerator, 15"W, 3 cu. ft. Capacity, in Stainless Steel (MCR3U-OHC)**

## **Maximum Indoor Beverage Center, 24", 5.5 cu ft Capacity, in Stainless Steel (MAXBC24SS)**

Keep bottles and cans chilled to perfection with the Maximum 24" Indoor Beverage Center. With a capacity of 5.5 cubic feet, this beverage cooler refrigerator holds 173 12-ounce cans, 94 12-ounce bottles or 8 750mL wine bottles. The sleek wine and beverage cooler refrigerator features a matte black painted cabinet exterior with a white interior. It has a user-friendly electronic control with LED display. The unit's temperature range is 34°F to 65°F, and the fan-assisted cooling system allows for even temperatures, quicker cooldown times and added efficiency. The unit has an adaptable racking system that includes 1 stainless front, full-extension wine bottle rack with 2 tempered glass adjustable shelves. Tri-Color (White/Amber/Blue) LED lighting options illuminate the contents when the door is open or shut with display/showcase mode enabled. The unit ships right-hinged with a field-reversible door and includes a 3/4" diameter vertical stainless-steel handle. The door close assist hinge helps ensure door closure, while the four leveling legs help stabilize the unit. Precise zero clearance design

allows for unmatched integration into any built-in setting, and it's perfect for any indoor space. Fill the Maxximum 24" Indoor Beverage Center with your favorite canned and bottled beverages for a refreshing drink anytime. The parts and onsite labor warranty comes standard for one year from date of purchase, so all that is left to do is sit back and enjoy your cold canned or bottled drinks. \*Item not approved for sale in California
